WEBINAR

Alberta Verified Beef Production Training Webinar

County of Wetaskiwin's Sustainable Agriculture Program invites you to join an Alberta Verified Beef Production Training Webinar

A webinar is a live meeting that takes place over the internet. The Alberta Verified Beef Provincial Coordinator will provide training live over the web.

The webinar takes place on the following:

When: Thursday, October 15 from 9 to 10:30 a.m.

Where: County of Wetaskiwin Administration Building (1.5 miles west of Wetaskiwin on Hwy 13, south side of highway, across from Reynolds Alberta Museum)

Cost: No Charge

Please arrive by 8:45 am to allow for webinar setup. Space is limited, but there are no minimums.

Registration is mandatory. Please register before October 13 by calling Kim at 780-387-6182 or emailing kbarkwell@county.wetaskiwin.ab.ca

Training is valuable to all beef operations, regardless of type or size.

Benefits include:

- Improved use of animal health products
- Readiness, should the market require it
- Heightened awareness of food safety risks
- Basis for training staff and family members
- Proof of responsible actions
- Opportunity for differentiated beef production

VBP training is required to access funding under the GF2 On-Farm Food Safety Program.

 COUNTY OF WETASKIWIN NO. 10
 P.O. BOX 6960, WETASKIWIN, ALBERTA T9A 2G5
 WITHIN FOURTEEN DAYS OF THE FIRST DATE OF THIS NOTICE.

ENVIRONMENTAL FARM PLAN

Why do an Environmental Farm Plan (EFP)?

- Sustain production
- Manage risks
- Provide a healthy landscape for the next generation
- Maintain market access

Do you have an EFP workbook on your shelf that's half finished? Is it time to revisit and update your EFP or start one for the first time?

Please contact Kim at 780-387-6182, your County's Sustainable Ag Coordinator, she's ready to help!

Information contained in the workbook is only shared between the farmer and the EFP tech. An EFP is relevant to all sizes and types of primary producers.

An EFP is required to apply for On-Farm Stewardship Program funds under Growing Forward 2.

WORKSHOP

Clean water.
 Well protected.

And
 The County of Wetaskiwin
 Presents

Working Well Workshop

October 27, 2015 at the Alder Flats Community Hall
 6:00 – 9:30 pm

Consider how your life would change if you lost your water supply!

Did you know that a poorly maintained water well can put your water supply at risk of contamination and reduce your well yield?

If you are one of 450,000 Albertans who use their water well for household purposes, the key to ensuring your water supply is safe and secure is knowing how groundwater works, learning about your well and understanding how to properly maintain it.

Proper water well siting, construction, maintenance and plugging will help protect your well from biofouling and contamination, save you costly repairs, and ensure your well water yields are sustained over many years.

Find out what you can do to protect your well. Attend the **FREE water well management workshop** being hosted by **the County of Wetaskiwin** and presented by the **Working Well Program**, with technical expertise provided by Alberta Agriculture and Forestry, Alberta Environment and Parks, Alberta Health Services and licensed water well drillers.

During the workshop we will cover:

- Groundwater – how it works
- Water quality and quantity testing
- Well protection – protecting your well from contamination
- Basic well maintenance
- Water sampling – how to do it

To attend the workshop, please pre-register by calling:

Heather Dickau at the **County of Wetaskiwin** Office

Phone: 780-352-3321 • Cell: 780-777-9760 • Email: hdickau@county.wetaskiwin.ab.ca
